

Amaranta F1 (ex W36)

Seedless

medium
early

IR: Co

2-3,5 Kg

technical information

Mini seedless watermelon of 2.0-3.5 kg with striped, crimson skin. Strong, well resistant to biotic and abiotic stresses plant. Good setting and fruit homogeneity. The skin is thick and gives the fruit excellent shelf life in post-harvest. The pulp is crunchy with a good sugar content and a fruity flavor.
